StudySync — Student Performance & Analytics Report

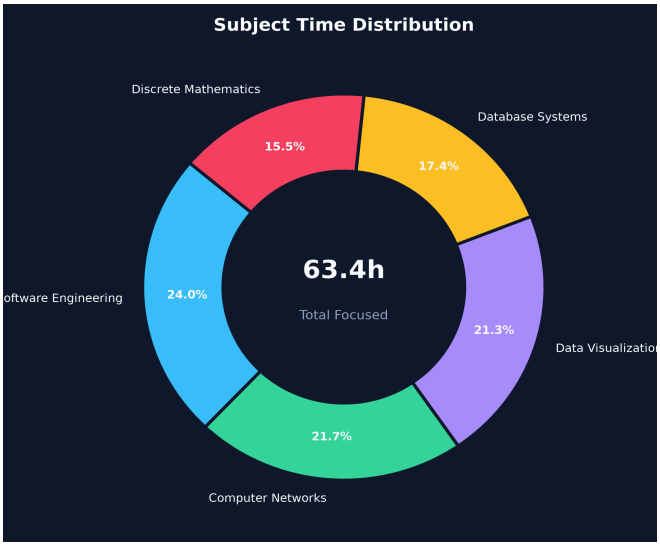

Student: student_1 | **Email:** student_1@studysync.edu | **Period:** Last 30 Days | **Generated:** 2026-09-26 10:55

Total Focused Time	Daily Average	Active Streak	Top Subject
63.4 hrs	2.8 hrs/day	14 Days	Software Engineering

1. Study Duration & Goal Tracking

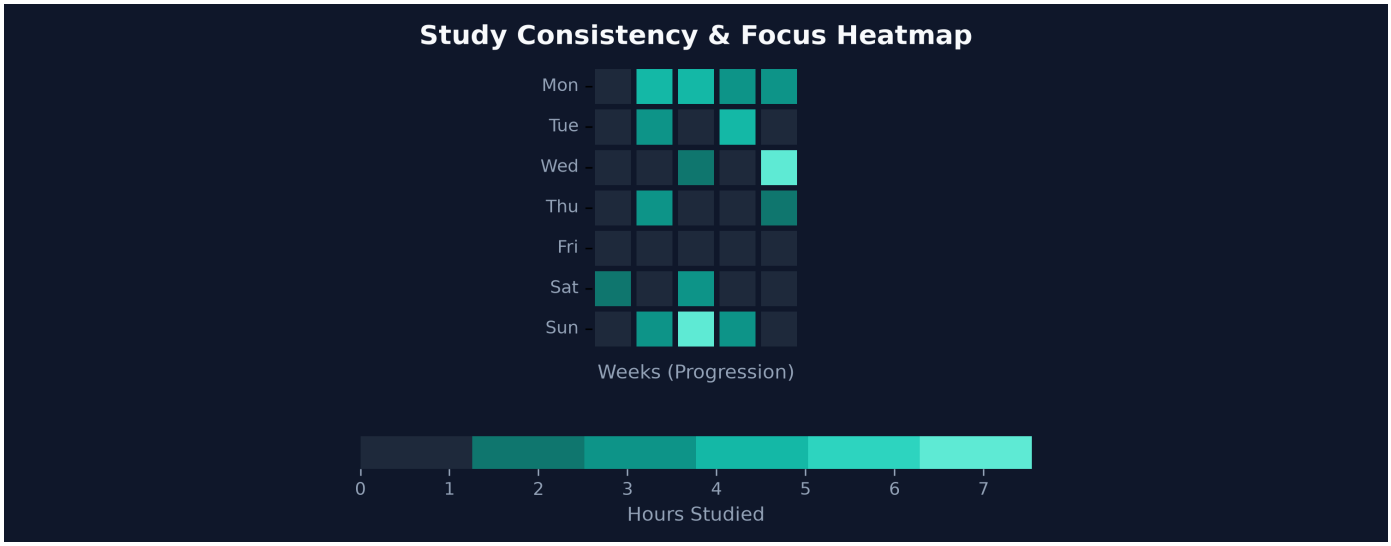

2. Subject Distribution & Allocation

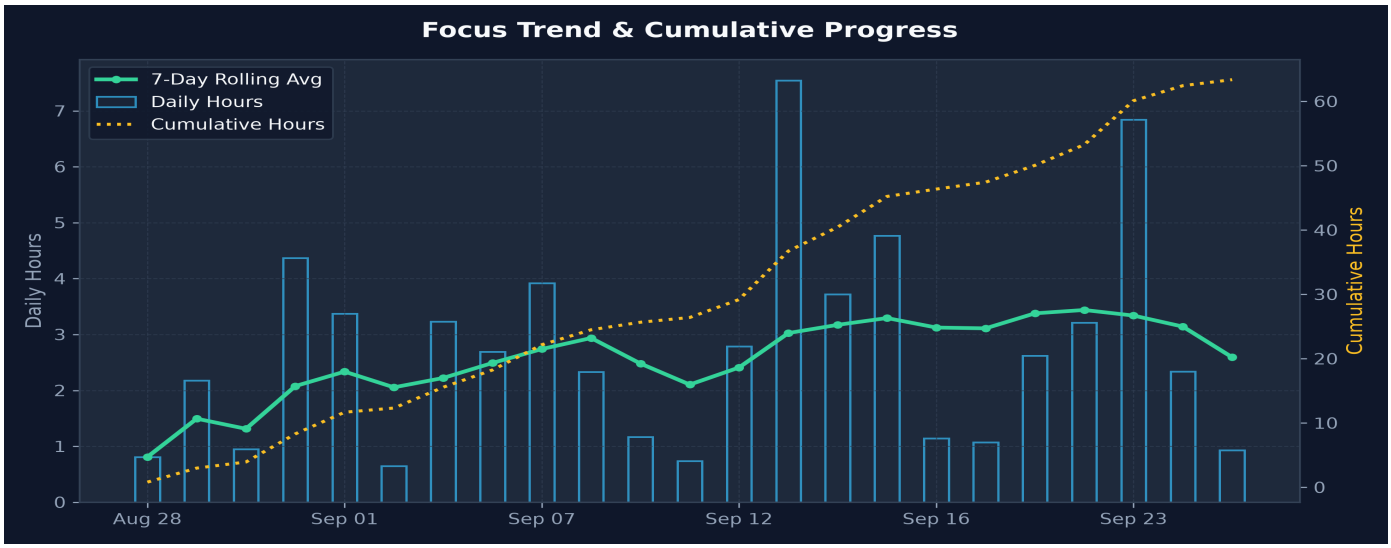

Subject Name	Total Hours	% Share
Software Engineering	15.2 hrs	24.0%
Computer Networks	13.8 hrs	21.7%
Data Visualization	13.5 hrs	21.3%
Database Systems	11.1 hrs	17.4%
Discrete Mathematics	9.8 hrs	15.5%

3. Study Consistency Calendar Heatmap

Visual representation of daily focus intensity across weeks. Darker blocks represent peak study days.

4. Focus Progression & Rolling Average

5. Academic Insights & Personalized Recommendations

• **Excellent Study Consistency:** You studied on 23 out of the last 30 days (76.7% consistency rate). Maintaining this cadence ensures long-term retention.

• **Goal Exceeded:** Your daily average (2.8 hrs) meets or exceeds your 2.0 hr/day study goal.

• **Subject Balance:** Primary focus is on **Software Engineering** (24.0% of study time). Consider allocating time to secondary subjects to maintain balanced academic progress.
